Listed as "one of the world's top 125 licensees '08, '09, '10, '11, '12, '13, '14 & '15" in License! Global Magazine, which recognised GB eye in the December 2013 issue as "one of the most popular, notable and respected licensees in the marketplace".

Winner of the best licensed paper products 2011 at the annual UK Licensing awards and shortlisted in 2006 & 2010.

Member of the *International Licensing Industry Merchandisers Association*.

Supporting Sheffield Children's Hospital

Investing in the future, remembering our roots...

Founded in a kitchen in Sheffield in 1986, GB eye has grown from a university enterprise to an internationally trading, multi-million pound company.

Licensed products are at the core of GB eye's success and with over 200 active licenses there is great coverage of all key genres including TV & Film, Music, Anime, Gaming, Sport, Icons, Children's brands and much more. Identifying new trends early in their life cycle is key to staying ahead in such a fast paced industry and this is where we have excelled. In recent years the introduction of Gaming licenses has reaped great rewards and in 2016 the growth of Anime properties is certainly one to watch.

With our roots in posters and wall art, GB eye has branched out into a wide range of quality related merchandise including keyrings, tattoos, badges, card holders, lanyards, stickers and bottle openers. These are a fantastic way to provide incremental sales and our market leading display units

help make the most out of the products and any sales space.

Gifting has become a major focus for GB eye and we will continue the expansion of these product formats throughout the coming year. Bringing a unique twist to a great range of formats means our products stand out in today's ever changing market.

Mugs are a great gifting line and our range is leading the way in quality and creativity, with almost 700 designs now available across a great range of licenses. All mugs are manufactured in house, meaning we can react quickly to new trends, ensure extremely high quality products and most importantly give you confidence in stock fulfilment.

More recently our NEW glassware and gift box ranges have proved a massive success. These contemporary products featuring some of the biggest brands around are ideal gift or fan purchases, with great designs and eye-catching packaging.

Cult TV

Cult TV merchandise has been on the rise over the last few years with the likes of The Flash, Arrow, The Walking Dead and future hits like Preacher. During this rise in popularity GB eye has had it's finger firmly on the pulse and has picked up some key licences.

The growth in our product ranges has allowed us to tailor the retail ranges to the demographic and style of each TV show we represent by tapping into the knowledge we have about the shows and targeting the correct kind of products that we know the viewer will buy into and love.

New ways to view TV shows like the rise of Netflix and Amazon Prime have allowed viewers on demand and exclusive access to TV shows and GB eye is looking forward to complementing this with exciting products that include 'in-show' references and characters that the fans love to see and talk about.

Animé

Originating from Japan Animé has captured the imagination of a very wide spectrum of pop culture fans. Animé is generally classified into numerous genres targeting diverse, broad and niche audiences.

Fans of Animé are incredibly involved in the often complex characters and otherworldly places that make up their favourite shows and movies. They are full of icons and symbols that aren't always recognizable to the general public but really strike a chord with fans of Animé and these kinds of symbols translate perfectly for the kind of merchandise or product that we produce here at GB eye.

We have a huge amount of knowledge coming from Animé fans who work at GB eye. We are able to use this knowledge and channel it into the kind of product that will excite the most passionate of Animé fans in the UK and Worldwide. This is an ever growing market we are very proud to be involved in.

POKÉMON

Gaming

Video Games have changed dramatically over the last few years. The days of pixelated characters jumping over objects are a thing of the past, unless you're a Minecraft fan! Gamers can actually immerse themselves in other worlds with multiple in-depth characters taking centre stage.

With the growth of this market GB eye has managed to be involved in all the major gaming releases with our ever growing list of licenses and partnerships.

From Mugs to Lanyards, Glassware to Dog Tags our product range fits the gaming market perfectly, tapping into the most recent trends in this market as well as having knowledge of every add-on, easter egg, in-game brand and all the other secrets of the gaming world that people want as part of their licensed product ranges.

Film

The magic of the movies has always been at the heart of GB eye's product range. We love every genre from action to comedy, classic movie titles and the most up to date blockbusters, we produce product for them all.

One thing we love at GB eye is the fans passion for their favourite movies and how they love to share this passion with others whether it be the poster on their bedroom wall, the mug on their office desk or the keyring on their keys. There's no end to the passion movie lovers share and GB eye's enviable list of movies we have covered over the years and the future movies we are looking forward to working on is extensive.

We're already excitedly looking forward to another list of blockbuster and cult movie titles to produce merchandise for in 2016.

Music

Music is part of GB eye's DNA. We've always produced posters and merchandise for the biggest music stars in the world, from classic bands to rock and grunge through to the most current pop stars touring and releasing music. We cover the whole spectrum.

Music has evolved over the years with new trends and even genres emerging. It's still one of the most popular markets for merchandise with music fans having an unlimited desire to own a band mug, pint glass or poster.

A wide product range like GB eye's means we can tailor product launches to the artist or bands specific demographic. This makes it ideal for retailers to plan buying in their chosen range of products when consumer interest is high, say maybe during a tour or a new single release.

Kids

Kids love TV. They love the shows and they love the characters in them. The explosion of Children's TV channels, shows and ways to access them means that they have more choice than ever.

Whether educational, adventurous or escapism everyone has their favourite and our ever evolving range keeps up with the latest trends.

Our quality products feature favourite characters and recognisable logos from classics such as My Little Pony and Thomas and Friends to developing brands like Teen Titans Go! and Paw Patrol. This range allows young fans to own a little piece of their favourite show!

Football

Everyone loves cheering on their favourite team, wearing the kit and owning the merchandise too. At GB eye we have exclusive rights to the top clubs in the UK and Europe.

Whether it's the poster of your favourite player, a framed photo of the full team line up or even just your team's club crest we will have the best selection from the top teams for you to pick from. We are even a trusted supplier to the club shops themselves so you know you're getting the best quality and best designs from us throughout the season.

We also produce many of the title and cup winning posters and framed photos. With us having exclusive access to the most up to date images we can get products of the winning celebration out in the market while the hype is still happening.

Product Range

We may be known as one of the biggest poster suppliers in the UK but long gone are the days of just supplying posters, GB eye has grown in more ways than one.

We now offer a complete range of licensed products from Glassware to Stationery, Framed Photographic to Bottle Openers. 2015 saw the launch of 8 brand new products we can now offer on top of the already great products we are known to produce and supply. With connections to some of the best factories in the world and an enviable in-house production facility for many of our products we can now bring bigger and better ranges of products to the market which compliment the strength of our licenses.

With all this great new product we also offer our customers fully branded display units specifically made to show the products off to the end user in the most practical and affordable way possible.

[View the full range online here >](#)

Multi product retail solutions offer an ideal way to feature a single licence range in store whilst minimising on the floor space required.

Posters

The product that still lies at the heart of the business.

At GB eye we have always had a huge passion for posters. It's what we are known for. Not only are we able to produce posters for the best licenses in the world we supply businesses with our own world-class designs for unlicensed posters.

High quality print and high resolution images make GB eye's poster range one of the best in the world and we are adding to this range on a constant basis. With every new license we get, the range just keeps getting better.

From your favourite Film and TV shows to the team you support, from your favourite video game character to your most loved band we have every area covered with some of the best imagery around.

GB eye offer multiple solutions to display our poster range in stores, we can supply flat or ready rolled, the choice is yours.

Mini Poster [400x500mm]

This smaller size of poster has been very popular over the years, especially for the more younger pop-culture fan.

The smaller size doesn't mean you're getting less, it just means you can fit more on your walls!

Maxi Poster [610x915mm]

Our most popular size of poster and a product that is a real customer favourite. We release Maxi posters for every single license we work on.

This is still a huge market and people will always want their favourite images to display large and proud.

Door Poster [530x1580mm]

For those who really want to make a statement, our door posters are as big as they sound.

Funnily enough, they fit perfectly on the back of a door!

Giant Poster [1000x1400mm]

For those who want to go even bigger we supply a range of Giant Posters. This format is very popular for people who want their favourite image displayed that bit bigger.

Quality images, quality print...

Due to the huge range of licenses we work with we are able to bring not just a large but an exciting poster range to market and this will only grow as we add more and more licenses to the huge list we currently hold.

Flick through the rack...

Rolled or supplied flat, many people need their posters finished in a certain way for them to sell on, with state-of-the-art rolling machines and retail ready racks to show off the posters, GB eye have everything you need to supply posters around the world.

Designed with passion...

Fans know what they like! As with every product we produce, GB eye design as fans, for fans. We take a personal interest in all the properties we design for to make sure the final product is a desirable product that the end-user will love and will be as proud to show off as we are.

Mugs

Although we have only been producing mugs for a relatively short time we are now one of the largest suppliers of licensed mugs in the UK.

Everybody has a favourite mug, usually showing something about their personality. We knew licensed mugs would be big business but hadn't foreseen the level of demand!

We have doubled our production facilities twice in our first year of producing mugs just to keep up with the high volume of demand for them. If you look at the full range on our website we're confident you will agree we have every area covered.

With our in-house production facilities we are able to release niche products and limited editions. We can even test certain designs in the market to see if they connect with the end user and they usually do. Most importantly, we are never out of stock of even a single design.

Our mug retail unit with merchandise ready side panels have been a huge hit with customers wanting a complete retail solution for displaying their mug range.

Mugs

Our mugs are produced in house utilising state of the art technologies. Using high quality materials means we are able to print even the finest of details on to the mugs.

Supplied in a branded outer box ready to present on any retail shelf, spinner or web page of your choice.

Heat Change Mugs

Well these are just magic!

Pour in your favourite hot drink and the design on the mug will change, let it cool down and the original design will reappear.

These are all the rage at the moment and as the technology evolves more and more design options will become available.

3D Mugs

No need to be so straight edged anymore with our range of 3D mugs.

We are now able to make mugs in all shapes and sizes. The possibilities are endless!

These also come in a fully branded box to keep it safe in transit.

Travel Mugs

We all live pretty hectic lives right now so it's fair to say that the travel mug has seen huge growth with people wanting to enjoy their favourite hot drink on the go. Why not give your coffee (or tea!) a personality with one of our great designs.

These ceramic mugs come with a safe, removable silicon lid that matches the design of the mug.

The best licensed mugs range...

Mugs are a very versatile product to work with, the possibilities are endless. We are able to present one of the largest and best licensed mug ranges in the world and we only plan on growing this area of the business in the future.

Safely delivered...

We take pride in our packaging techniques at GB eye. We put an incredible amount of effort and testing into packing our products to protect them. We are always working towards improving the way products are delivered to businesses and to the end user.

Variety is the spice of life...

...or so they say! Our in-house design team spend hours researching what images or logos people really want to have on their mugs from all the licenses we work with. Our extensive knowledge of these licenses has helped us to create an enviable range of drinkware.

HALO 5
GUARDIANS

Glassware

New to GB eye, and one of the most highly anticipated products we have ever launched is our licensed glassware range.

What better way to enjoy your favourite drink than from a glass showing off your favourite logo or character from all the best popular culture licenses in the world. Whether it's your favourite band or singer, favourite movie character or favourite gaming icon we have an ever-growing range of glasses from a broad range of licenses.

These come in fully branded boxes which look great online or on retail shelves. This is a real stand out product that has caused huge excitement already amongst some of the top retailers around the globe.

Our glassware range spans across 3 sizes with twin packs currently in development.

Our glassware retail unit with merchandise-ready side panels has been a huge hit with customers wanting a complete retail solution for displaying their glassware.

Small Glasses Four Pack

Our pack of four small glasses are a great addition to our product range. Why have one when you can have four?

These sets are the perfect gift for people who need a set of four glasses for parties and get togethers or even just as a collectors item and a talking point for their shelf at home.

Large Glass

High-quality large glasses that hold 500ml of any drink you wish.

With these glasses being much larger than the small glasses we've had much more fun with the designs. Full colour printing on both sides of the glass not only make a product with a practical use but also aesthetically pleasing too.

Large Glasses Twin Pack

For the perfect gift we now offer a twin-pack of large glasses from all of our most popular licenses.

These come packaged together in a fully branded box with a cut out so the design of the glasses can be seen and a preview pane to show what is on the other side.

Medium Glasses Twin Pack

Our most recent addition to our glassware range are these twin-packs of medium glasses, just like our other glasses they come in a fully branded box with each glass sitting in a cardboard base to keep them safe from rattling around when being transported.

The best licensed glassware range...

Due to the huge range of licenses we work with we are able to bring not just a large, but an exciting glassware range to market and this will only grow as we add more and more licenses to the huge list we currently hold.

Packaged well, packaged right...

Not only have we put huge effort into supplying our glasses in fully branded outer boxes, but we've also got the safest and best way to post these out to retailers and end-users.

We have specially made boxes with a thick outer wall and dividers to stop any breakages when in transit.

Designed with passion...

Fans know what they like! As with every product we produce, GB eye design as fans for fans. We take a personal interest in all the properties we design for to make sure the final product is a desirable product that the end-user will love and will be as proud to show off as we are.

Gifting

GB eye's product range is highly desirable for most fans, but it's not just about owning products yourself, we also produce one of the best licensed gifting ranges available so you can share with others too.

Because many of our products compliment each other very well we often get many requests to combine these products to make gift sets, whether it be a mug and coaster set or a mug and keyring set or even a full gift box containing multiple products, these gift sets are great for gifting.

To make the gift boxes even more special we often offer a product or design in the gift box that isn't sold separately to add the element of exclusivity to them.

Packaged in a fully branded high quality outer box these really stand out on any shop shelf as a great product to own yourself or to buy somebody else.

Gift Box

The perfect way to combine and sell multiple products as a set. These gift boxes are a ready made present for somebody who has a passion for a certain licensed brand.

Mug & Coaster Set

A perfect combination for a gift or even a treat for yourself. One of our great mugs coupled with a matching drinks coaster ideal for home or the office.

Mug & Keyring Set

Show off your passion for your favourite brands with a mug and keyring combo. The great quality rubber keyring comes packaged in the same fully branded box as the mug. We can also offer an exclusive mug design to make the gift even more special.

Exciting product combos...

Our ever growing range of gift boxes has really taken off since its launch late in 2015. They provide a perfect gifting solution all year round.

Merchandise

Over the past few years our merchandise range has grown massively.

We now supply Badge Packs, Sticker Packs, Tattoo Packs, Single Stickers, Lanyards, Cardholders, Coasters, Dog Tags, Keyrings, Bottle Openers to many retailers in the UK and Europe. We have vast knowledge in matching up the right product type to the right licence to make the most desirable merchandise range we've ever had.

The range of merchandise we supply covers all ages and demographics from band badges to your favourite superhero lanyard, all products come with retail ready euro hooks for easy presentation.

Our merchandise spinners display our merchandise range meaning you can show a huge variety of product in one retail space.

PREPARED BY RANGE

Rubber Key Rings

Everyone loves a change of keyring every now and again and what a great way to show your love for your favourite brands than on your keys?

These are made from high quality rubber with a strong and easy-function metal ring.

Metal Key Rings

Some of our properties have elements to them that are more suited to a metal keyring so we also offer this option.

These are made of a strong metal and come with a fully branded backing card and bagged.

Dog Tags

We have a wide range of finishes to our Dog Tags from embossed metal to full colour, we match the finish to the license we are working on.

Each pack comes with two Dog Tags on a strong ball-chain with rubber outlay.

Bottle Openers

Fun and functional, our rubber bottle openers are made of coloured and detailed printed rubber with a very sturdy metal bottle opener attachment.

Again these come with a fully branded backing card and retail ready euro hook.

Lanyards

A very fashionable way to carry many kinds of passes, whether it's a pass to a show, a security card or travel card these fun and functional lanyards are perfect.

Each one is made up of a holder with a printed insert, rubber keyring attachment and fully printed lanyard ribbon.

Coaster Packs

What a great companion product to our mug and glassware range, we provide single coasters great for use at home or work and also packs of four which are great for personal use or even as a gift for someone else.

Card Holders

A great way to carry cards, whether it be a bank card, travel card, student card or a cinema card, our card holder range covers all areas of popular culture so you can carry your cards around in style.

Badge Packs

We have a huge range of licensed badge packs each containing 4 25mm badges and 2 32mm badges with a strong pin fastening on the back so you can pin them where ever you like.

They come bagged with a fully branded backing card and eurohook.

Stickers

Our sticker packs contain 2 sheets of fun stickers that are die cut to any shape and size.

An ideal add-on product when displayed on our multi-product poster bins.

Tattoo Packs

A great fun product for kids of all ages. Two sheets of temporary tattoos from all the great properties we work with.

Our tattoos are produced to meet all health and safety regulations, a perfect gift for kids party bags!

They are available in two different pack sizes.

Notebooks

Designed with passion and made with care. Our A5 notebook range are constructed from high quality materials and ruled on all pages, with printed inner covers, strong spiral bound and elastic cover band.

The best licensed merchandise range...

Due to the huge range of licenses we work with we are able to bring not just a large but an exciting merchandise range to market.

Great additions to product ranges...

With our multi-product poster bins that hold all merchandise, this is a great add-on product to display in any retail space.

Frames

Since the opening of our Sheffield based state-of-the-art production line and standalone manufacturing facility in 2014, we have continued to invest in this area of the business.

The efficient use of technology and systems enables us to produce and store high volumes with strict quality control allowing us to be highly competitive and ensure we can always offer fast delivery and superb customer service.

With a great range of sizes, colours and mouldings, GB eye can provide all your framing requirements. If there is something unique that you need then please see our website or call to speak to one of our dedicated sales team who can discuss your needs.

[For all framing options click here.](#)

Framed Maxi posters have been a real customer favourite for us over the years.

PRODUCT RANGE

Framing

GB eye has a great range of frames in a huge variety of sizes. Our standard Eton moulding is a simple contemporary frame available in 8 colours and offers great value for money. With many other options, all manufactured in-house using high quality materials, we can meet all your framing needs.

Bespoke Services

Our facilities and experienced framing team allow us to provide a totally bespoke framing service. Our design, sourcing and manufacturing teams can work to any specification and price point to bring you something unique, no matter what the quantity.

Memorabilia Framing Service

Got something unusual to frame? Then GB eye can help. Our memorabilia framing service offers purely bespoke solutions for a wide variety of memorabilia from shirts and boots to medals and coins. Our highly skilled staff use high quality materials to create beautiful pieces of wall art from iconic or collectable memorabilia.

Manufacturing

Our state-of-the-art manufacturing facility allows us to produce high volumes of frames while ensuring the quality of our products are second to none. This allows us to offer competitive pricing and the ability to deliver product when you need it no matter the size of order.

Materials

All our materials are responsibly sourced from trusted partners within the UK and Europe. We have a great range of standard materials to keep pricing low as well as access to hundreds of other options for those bespoke requests.

Packaging

Ensuring our products get to you in pristine condition is key so we take our packaging seriously. From the standard strengthened corner protectors to specialist inflatable packaging we will ensure the right materials are used.

In 2010, we invested back into the business infrastructure with the completion of an extended Distribution Centre, improved computer systems and state of the art printing and frame manufacturing facilities.

Having a scalable business to expand with our customer base and react efficiently to customer demands whether they be product, customer service or logistics related is important for our future growth. We therefore felt it was the right time to invest and take the business to the next level.

The GB eye Distribution Centre has been extended by over 7000 sq ft and now incorporates a third rolling machine enabling us to react quickly to high volume, short deadline requests within our Special Projects Area.

Over 9,488,080 items shipped in 2015.

We have established a state of the art production line for frame manufacture allowing complete control over quality and capacity. The new framing production facilities can manufacture 2000 units per day. Our team of skilled operatives ensures that the quality and finish of the products, from cutting the raw material to shrink-wrapping, is of the highest standard.

Our two internal print rooms now include a Polielettronica Compact 30 lab that can print up to 76 x 120cm prints and a large format printer for canvas production and samples.

Our photographic printing and framing facilities now allow us to independently produce ready framed products on demand, all products hand finished to the highest standard.

With all our poster, print, frame and badge manufacture based in the UK, it means that we are much closer to the source thus ensuring high quality and in-time delivery.

We have completely overhauled the IT systems, which has streamlined all processes from receiving and despatching orders to accounting royalties, stock management and producing labels. Customers' orders can be accepted through a variety of electronic methods, giving the sales team more time to concentrate on customer service and account management.

IN-HOUSE MUG PRODUCTION

- In-house mug production facilities with 2 mix mug ovens.
- Outputting 1000 mugs a day.
- Fully branded official outer boxes.
- SEDEX approved and audited mugs.
- Retail ready mug racks with supporting merchandise hooks.
